Re: NEW-LP, Waukesha, WI
Facility ID No. 196606
Carroll University
File No. BNPL-20131113BMA

Dear Applicant:

The staff has under consideration the above-captioned application for a new low power FM (LPFM) station.

An engineering study has revealed a deficiency with the transmitter site coordinates proposed in the application. The application indicates the coordinates are 43° 0' 16" N. and 88° 13' 39" E. (NAD 27). However, these coordinates are located outside the borders of the United States, its territories, its possessions, and the District of Columbia. The coordinates are far enough away from any US land area that a minor amendment would not be able to eliminate this defect. Therefore, we must dismiss the application.

Accordingly, in light of the above, application BNPL-20131113BMA is unacceptable for filing and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

James D. Bradshaw
Deputy Chief
